

SOFTWARE RELEASE NOTE # 17

March 13, 2012

To: All NexusPlus Compact and EMxpert Users

Re: Latest Software Release 4.3.8

EMSCAN is pleased to provide all EMxpert and NexusPlus Compact customers with a free software upgrade.

This offer extends to all the EMxpert and NexusPlus Compact units acquired on or after April 1, 2010.

All EMxpert and NexusPlus Compact units acquired prior to March 31, 2010 can obtain the software upgrade by purchasing a Customer Care Package (p/n 3000-0122). Please contact your local representative or contact us via our web site: <http://www.emscan.com/emscan/contactus.cfm>

Remove the EMxpert (or NexusPlus) software application by uninstalling the EMxpert (or NexusPlus) component and the VirtualController component from the usual Windows Control Panel/Programs/Uninstall a program or its equivalent in your OS version.

Download the latest version of Agilent IO:

http://aaa.product.agilent.com/IOLibraries/Download_IO_Libraries.aspx

Then install the EMxpert software by double clicking on the Setup icon on the CD.

PS: Your project data will remain untouched during the uninstall/install process.

● V 4.3.8 changes over 4.3.3

- o Changes
 - New user manual
- o Fixes
 - Bug when selecting compensation factor in Spatial Comparison node
 - Bug when selecting Report Generator in Microsoft Word 2010
